## R.Stahl Touring Trailer

Front of trailer (closed)

Trailer (open with products removed)

In the first edition, we mentioned that the Touring Trailer would be preparing for its debut. The trailer is now built and coming soon to a road near you. If you are interested in having the trailer visit your offices, then please [contact us](#). We want to offer you and your colleagues a chance to learn about the latest initiatives within the hazardous industry.

With an on-site trailer, engineers will have the huge convenience of our expertise right on their doorstep, removing the need to attend exhibitions across the country. We are bringing the products and news direct to you!

Also, many thanks to [TCM trailers](#) and [Action Graphics](#), both in the West Midlands for all of their efforts on producing the trailer. We appreciate all of your hard work.

If you have any news or feedback for Stahl News, then please contact us today on: [marketing@rstahl.co.uk](mailto:marketing@rstahl.co.uk)

**STAHL** Ex R.Stahl, sponsors of the **Technical Innovation of the Year 2009** award, in association with **HazardEx** [www.HazardExonthenet.net](http://www.HazardExonthenet.net)

Visit us on: 25-26th February 2009, Harrogate Conference & Exhibition Centre, N.Yorks

### HazardEx 2009

In preparation for the 2009 events programme, we have now booked our stand for HazardEx 2009, which will be held at Harrogate Conference & Exhibition Centre, North Yorks. The event will be on 25-26th February, with the Awards evening held on 25th February.

To book your place for the event, or to find out more information, please visit [HazardEx online](#).

### New product: Stahl Mounting Plate

We will shortly be releasing a new product, Stahl Mounting plate into the market, designed and built in Birmingham, UK. The plate is available in two sizes, GB1 or GB2.

**Stahl GB1:** An innovative product allowing you to quickly and easily affix a product in the field. The plate is made from Stainless Steel and accepts 42mm pipe or Unistrut with tapped holes for a range of five R.Stahl products.

**Stahl GB2:** The larger plate, the Stahl GB2 will accept the 63A Stahl socket and a 8146/7 custom built control station. Other products can also be added if necessary but the fixings will need to be added on-site by the engineer. Please be sure to contact us for more information by emailing [info@rstahl.co.uk](mailto:info@rstahl.co.uk) or calling us on 0121 767 6400 to speak to a member of the sales team.

You can place your order with us now for this fantastic new product which you are sure to love. Be sure to keep checking our website [www.rstahl.co.uk](http://www.rstahl.co.uk) for further information.
